

2nd Announcement

The MS11 organization is in progress

✓ The introduction of the different topics of the Congress will be given by [five plenary lecturers](#) :

- Ian Farnan, Department of Earth Sciences, University of Cambridge
- Patrice Chartrand, Department of Chemical Engineering, Polytechnique Montréal
- Mathieu Salanne, PHENIX Laboratory, Sorbonne University, Paris
- Toshiyuki Nohira, Institute of Advanced Energy, Kyoto University
- J.Robert Selman, Illinois Institute of Technology, Armour College of engineering.

✓ The Abstract submission is open up to February the 15th

See the [My Space section](#) on the website of MS11 after connection.

Please answer quickly for a better organization, following the indications on the [MS11 site](#)

✓ Some news about the program:

- On Sunday the 19th of May, the registration and the welcome party will take place at the International University Center for Research, rue Dupanloup ([Blue pin on the city map](#)) close to the Cathedral in the historical center of Orléans. There, you will find the desk for registration and a "welcome buffet".
- From Monday to Thursday, the conference will take place at the Conference Center ([Red pin on the city map](#)).
- We prepared some events to discover Orléans city.
 - On Monday evening, a visit of the ancient City hall of Orléans ([Grosnot Hotel](#) is a typical building of Renaissance style). The visit will be concluded by a cocktail party offered by the Orléans town council.
 - On Tuesday, the poster session will be organized in the great hall of the conference center and every one will be able to discover French specialties of cheese and wines.
 - The Wednesday evening will be reserved for the traditional conference dinner. (more information are coming soon)
 - On Thursday evening, we will propose a special event to close the congress.
- More news will be posted on the site particularly for registering and for accommodations.
- For those who needs a visa, [please look at the site](#).
